+ 2800

international students in our campuses

Our Campuses

We have three campuses: The Management campus, ESL campus and Tech campus. Our students can choose to participate in classrooms or online. Students can also find plenty of common spaces to socialize, eat, study, and work together.

Why Cornerstone College

Multicultural Environment

We have students and staff from 85 countries making Cornerstone a diverse and multicultural place.

Career Support

A dedicated team is available to assist students in crafting their resume and identifying opportunities.

Practical Learning

We emphasize practical education, ensuring that our students are well-equipped for the job market.

Industry Connections

Students have the opportunity to learn from industry professionals and meet more people in their field.

Unlimited Canadian Experience

The English language cannot be learned solely in classroom environments. Our unique indoor and outdoor activities are geared towards helping students discover must-see destinations in Canada while at the same time practicing English amongst each other and with members of the community. CCCCC activities and events provide the best opportunity to have an unforgettable experience.

Our Programs

Are you looking to start a career in a specific field but don't have the time or resources to complete a degree program? If so, then a diploma program in Canada might be just what you are looking for.

Diploma programs at Cornerstone offer a unique opportunity for students to receive practical experience in their field of choice.

English Courses in Canada

“

I learned a lot of new vocabulary we can use daily. Many group activities helped me improve my speaking skills and make great friends. In addition, I could meet the best teacher.

Mayu Umeda | Japan

I became accustomed to the English language during my time in ESL. Before coming here, I possessed only a limited English proficiency. However, within the ESL program, I not only acquired conversational skills and a better grasp of grammar, but I also gained knowledge in making presentations and understanding cultural differences. The teachers provided me with opportunities to express my opinions to my peers.
